## Grank Knight Letter

Dear Brother Knights, Dignitaries and Attendees,

Welcome to our Annual Dinner Dance. This is a very special event for all of us at the Father Farrell Council. It is the time when we acknowledge and honor special members of our community and enjoy the company of those who support us in spreading the principles of our order: Charity, Unity, Fraternity and Patriotism. We want to serve and the only way to reach our goals is with your support and we thank you for it. The people we are honoring tonight decided to follow God's commands in humble and passionate ways that have greatly impacted the people in our community. We are called to follow their example.

I would also like to thank the committee in charge of this important event as well as the officers and members of the council for their passionate work.

Fraternally yours,

*John Montoya*

Frank Frustaci is an incredible man of many things and to many people. Born and raised in St. Andrea, Italy, he immigrated to the United States in 1955. From that point forward, Frank became a man of family, of work, of honor and loyalty, and most of all, a man of faith. Frank began his career in Brooklyn, helping his father as a bricklayer. For a brief time, he served in the US Army and was honorably discharged to help his family when his father became terminally ill. He returned to his bricklayer profession that created his work legacy. Over the years Frank became known to many. Not only working his way up to Brick Layer Supervisor for the NYC Housing Authority, but having his own business on the side and weekends to do brick work around the tri-state area. Frank's hospitality and kind nature to his employees made him easy to work for, and his kindness always extended out to every one of his customers. Frank's passion bleeds into all areas of his life. His passion for work is only one small piece. His service, passion, and love for his family knows no bounds. The oldest brother of eight children, Frank became the father to all of his younger siblings, and financial provider to his mother and siblings when his father passed away at a very young age of cancer. Frank has carried that care, passion, love, and guidance to all of his siblings to this very day, creating a bond with his siblings that match no one. As Frank got married to his wonderful wife Cathy of 53 years, and had a family of his own, he was now caring, loving, and providing for two families. His children, two boys, and a set of identical twin girls, would be raised with all of Frank's strongest qualities: kindness, strong work ethic, strong faith, and serving other people; which has also carried on to his five grandchildren. Frank has always had a lot on his plate. He would not have it otherwise. What makes Frank so unique and special is that throughout all of his life, he has served with a smile on his face. It is because of Frank's easy and friendly nature that all who meet him instantly love him. Frank's service to God has surpassed the average. Outside of Frank's strong faith has been his service and support to the Knights of Columbus over many years.
